

## Letters from Fallen Soldiers

**Elkana Vizel, ז"ל**

When a soldier falls in battle it's sad. But I ask you to be happy. Don't be sad when you part with me. Sing a lot, hold each other's hands and support each other. We have so much of what to be proud of and happy about, we are a generation of redemption! We write the most significant moments in the history of our nation and of the entire world. So please be optimistic. Keep choosing life all the time. A life of love, hope, purity and optimism. Look at your loved ones in the whites of your eyes and remind them that everything they go through in this life is worth it. And they have a lot to live for. Live! Don't stop the energies of life for a moment! I was injured during the 2014 Gaza war. I had the choice to stay behind, but I don't regret for a moment that I went back to being a fighter. On the contrary, it's the best decision I've ever made.
